

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

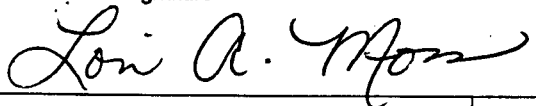

Mail completed documents to:

California Integrated Waste Management Board
Office of Local Assistance, (MS 25)
1001 I Street
PO Box 4025
Sacramento CA 95812-4025

General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

Section I: Jurisdiction Information and Certification <i>All respondents must complete this section.</i>			
I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:			
Jurisdiction Name Murrieta		County Riverside	
Authorized Signature 		Title City Manager	
Type/Print Name of Person Signing Lori A. Moss	Date 5/16/05	Phone (951) 461-6010	
Person Completing This Form (please print or type) Nancy Driggers		Title Solid Waste Coordinator	
Phone (951) 461-6008	E-mail Address ndriggers@murrieta.org		Fax (951) 698-4509
Mailing Address 26442 Beckman Court	City Murrieta	State CA	ZIP Code 92562

Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☒ **Time Extension Request**

Specific years requested 2005

Is this a second request? ☒ No ☐ Yes Specific years requested
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (Not allowed for Regional Agencies).**

Specific ADR requested %, for the years

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested %, for the years

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA—TIME EXTENSION

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City is requesting additional time to reach the goal since implementation of all programs in its SRRE has not resulted in 50% diversion. This has resulted primarily from a lack of a C&D program in the SRRE and a need for a more aggressive educational approach to recycling, particularly on the part of commercial enterprises.

The City plans a C&D program that includes these components:

1. Forcing contractor debris into the city waste stream through conditions on permits and code enforcement. The City's franchised waste hauler has agreed to fund the cost of one dedicated code enforcement officer for three years that will work to gain compliance by contractors with City requirements to send construction debris through the City's franchised hauler. This debris is currently unaccounted for, in large measure. Planning and Building Departments also will condition projects to use the City's hauler (the Municipal Code requires this already, but conditions will make it more obvious), and names of permit holders will be submitted to the hauler for follow-up.

Possible barriers include failure of contractors to comply with these conditions. The City has the authority to cancel the permit if certain conditions are not met by contractors.

2. Requiring the hauler to provide a construction site separation program; requiring the hauler to separate materials at its processing facility. A new contract with the hauler requires greater effort on its part to keep C&D materials its handles out of the landfill. The hauler will set up an on-site separation program for contractors and also is developing a sorting capability through a materials recovery facility planned for this purpose.

Possible barriers include delays in development of the sorting capability. As this is now a contractual requirement, the City has the option of pursuing the hauler if it fails to implement the program.

3. Crushing and reuse of concrete and asphalt. The City has already permitted one concrete and asphalt crushing facility that is expected to become operational in mid 2005. A second permit is pending for a concrete batch plant that wishes to crush its debris for reuse in road beds.

Possible barriers include delays in the opening of the concrete and asphalt crushing facility. The City will try to assist the operators of this facility to ensure the facility opens within its projected time frame.

4. Since completion of the new base year application, the City has been in the process of identifying specific commercial generators that don't have recycling plans in place. This is expected to be done by June 2005. The City will then target these businesses for implementation of programs by July 2005. Reassessment/follow-up by monitoring disposal records will ensure programs continue to be implemented.

Possible barriers include resistance on the part of the business to implement a recycling program. The City will pursue these businesses to gain cooperation in the recycling program.

2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.

The City has recently reached a new agreement with its waste hauler that includes several new programs that require time to be put in place. The City recently completed a new base year application that helped identify areas in which improvement could be made. The City believes changes being implemented will result in exceeding the 50% goal.

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

All programs have been implemented.

4. Provide any additional relevant information that supports the request.

The City has continually suffered from incorporating post 1990 and ending up, as a consequence, with an artificially constructed base year that did not adequately categorize the waste stream and programs appropriate to dealing with it.

Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).

1. Why does your jurisdiction need and Alternative Diversion Requirement? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

2. Why is your jurisdiction requesting an Alternative Diversion Requirement in lieu of a Time Extension?

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

4. Describe any relevant circumstances in the jurisdiction that contribute to the need for an ADR. Provide any relevant information that supports the request.

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

Residential %		31	Non-residential %		69
PROGRAM TYPE Please use the Board's Program Types. The Program Glossary is online at: www.ciwmb.ca.gov/LGCentral/PARIS/Codes/Reduce.htm	NEW or EXPAND	DESCRIPTION OF PROGRAM	FUNDING SOURCE	DATE FULLY COMPLETED	ESTIMATED PERCENT DIVERSION
4060-SP-CAR, 7000-FR-MRF	New	The City plans a C&D program that includes at least four components: forcing construction debris into the waste stream managed by the City, which is not now occurring; establishing and on-site separation program; requiring the hauler to do C&D sorting at a new MRF; and permitting concrete and asphalt recycling facilities.	Rate Payor/hauler/City	2005	4-10
2030-RC-OSP	Expand	Increase participation from business and industrial sectors through promoting technical outreach.	Hauler/City	2005	3
Total Estimated Diversion Percent From New and/or Expanded Programs					7-13
Current Diversion Rate Percent From Latest Annual Report					47
Total Planned Diversion Percent Estimated					54-60

PROGRAMS SUPPORTING DIVERSION ACTIVITIES			
PROGRAM TYPE	NEW or EXPANDED	DESCRIPTION OF PROGRAM	DATE FULLY COMPLETED
5010-ED-PRN	Expanded	The City and hauler have committed to a \$50,000 annual special education program that is being designed to extend beyond the usual. It is at this point undefined, but is expected to include targeted advertising and unique promotional and outreach activities. The plan will change each year to focus on areas of need. The hauler is creating a new position on its staff for a recycling representative to call on commercial/industrial accounts to explain recycling opportunities and gain participation in recycling programs.	2005
5020-ED-OUT	Expanded	The City and hauler have agreed to jointly fund a \$50,000 annual education fund to be used for new and beyond-the-usual recycling education and promotion activities. The hauler has created a new position to focus exclusively on direct contact with commercial/industrial accounts to involve them in recycling.	2005
1030-SR-PMT	Expanded	The City requires that vendors utilized recycled paper for printing City newsletters, recreation brochures, and publications. This is in addition to all City stationary which includes letterhead, envelopes and business cards which are already being printed on recycled paper.	2005
6020-PI-Ord	Expanded	The hauler has funded a code enforcement officer for the City to enforce the City's Municipal Code requiring all construction debris be processed through the City's franchised waste hauler.	2005

Section IV B—GOAL ACHIEVEMENT

Goal Achievement describes the activities the jurisdiction will use to achieve the ADR.

Section V – PARIS

Office of Local Assistance staff will be reviewing your Jurisdiction's Planning Annual Report Information System (PARIS) database printout as part of the evaluation of your request. Should the Jurisdiction have updates or revisions to the program implementation from the latest Annual Report submitted to the Board, please attach to the application the Jurisdiction's PARIS database printout showing updates or revisions.

Contact your Office of Local Assistance Representative at (916) 341-6199 for a copy of PARIS, or go to the Board's website at www.ciwmb.ca.gov/LGCentral/PARIS/.

CITY OF MURRIETA

May 25, 2005

Melissa Vargas
California Integrated Waste Management Board
Office of Local Assistance (MS 25)
1001 I Street
P.O. Box 4025
Sacramento, CA 95812-4025

RE: Time Extension

Dear Ms. Vargas:

Please add the following language pertaining to the City's procurement program as an addendum to the City's Time Extension application. "The program has been expanded to include in solicitations the requirement that vendors that are retained to print City newsletters, publications and recreation brochures use only recycled paper. This is in addition to the purchase of all City stationery, which the City previously purchased with recycled content."

Should you need any additional information to assist the Board in approval of the City's Time Extension, please do not hesitate to call me at (951) 461-6008.

Very truly yours,
